PROFESSIONAL SUMMARY

Proficient and inventive UI/UX designer with an experience crafting intuitive and visually captivating digital products. Proficient in merging user-centric design principles with inventive problem-solving to produce impactful solutions. Demonstrated capability in engaging throughout the design lifecycle, from ideation to execution, through effective collaboration with diverse teams. Possesses substantial expertise in conducting user research, creating wireframes, prototyping, and conducting usability tests within agile frameworks.

PROFESSIONAL EXPERIENCE

UI/UX DESIGN STUDENT

Lyckanhub – Future Hub and Inspiration Centre
Lapinjärvi Municipality, Laurea University

Oct 2022 - Dec 2022

May 2023 - Aug 2023

- Engaged in all phases of the Lyckanhub project, leveraging a keen interest in understanding the practical aspects of UX design methodologies. Utilized various UX techniques such as Personas, Empathy Maps, Affinity Maps, Journey Maps, and Crazy 8's.
- Facilitated requirement gathering, ideation, and co-creation workshops to foster collaborative design processes.
- Authored a Bachelor's Thesis titled "User-centered design and the implementation of a digital interactive platform" (<https://urn.fi/URN:NBN:fi:amk-2023121838093>), drawing insights from project experiences.
- Constructed, managed and tested the forum for the website <https://www.lyckanhub.fi/>

GRAPHIC AND WEB -DESIGNER

Pekka Halonen Academy, Tuusula

Jan 2021 - Apr 2022

- Created the digital artwork "Owl," selected as the emblem for the "SAKUstars 2022" competition: <https://sakustars.fi/2022/>
- Designed visuals and served as the creative lead for the "Reusing the old is better" competition, encompassing logo creation, website graphics (<https://sakustars.fi/2022/>), and a diverse array of deliverables such as banners, roll-ups, posters, animations, postcards, and print designs for apparel, utilizing Adobe Creative Cloud tools. [Click here](#) to see SAKUstars 2022 portfolio.
- Developed, managed, and tested the WordPress website <https://sakustars.fi/2022/>

GRAPHIC AND WEB -DESIGNER

Lupita, Järvenpää

Apr 2018 - May 2020

- Produced visual assets using Adobe CC 2020 for the Keuda "Graniitti" project.
- Developed, managed, tested the WordPress website <https://phaopiskelijat.keuda.fi/>

ECONOMIST

Novgorodoblektro AO, Novgorod, Russia

Jan 2011 - Jan 2012

- I worked with 1C ERP system: calculated production costs, handled purchase orders, checked invoices.
- I did ERP data analyses using MS Excel.

ECONOMIST

Acron, Novgorod, Russia

Jun 2008 - Jan 2011
(summer internship) 2006 - 2008

- I did analyses, plan and calculations of the production costs, prices, as part of a team, developed a business plan of a company, analysed data for errors and inaccuracies.
